CREATING THE DESIGN

Only the best ingredients are used when designing and developing T&G products. We believe in better and are continually pushing the boundaries to create innovative on trend, practical, quality products.

All T&G products start from a blank sheet of paper, developing and creating every product to ensure that it is the best it can be. We redesigned the T&G curved wooden spatula in the 1990's and our CrushGrind® mills have won many awards. Our FSC® certified beech 'TV Chefs' boards', as used in many TV cookery programmes, have been an industry icon since 1979. All these products and many more have gone on to become design classics. With over 40 years in business, there aren't many kitchens, bars and restaurants that won't have one of our products!

At T&G, we invest a lot of time, money and effort in developing

products that offer tangible benefits over others in the market. We cannot allow other companies to just come along for the ride after all the expenses have been paid and hard lessons have been learned.

All T&G's exclusively designed products are protected by registered design rights. T&G have a duty to our customers to ensure we protect the design integrity of our products and we will take legal action against companies who, by copying, try to exploit (at no cost to themselves) the considerable investment we continue to make on behalf of our customers within product design. We must protect our intellectual property.

We cannot emphasise enough how much care and attention goes into designing and manufacturing our products and how much we obsess about every detail. We are passionate about our brand and our products.

ENVIRONMENTAL POLICY STATEMENT

With the focus on the natural world, T&G's commitment to ethical sourcing is still a priority. We have successfully reduced our carbon footprint by removing any unnecessary packaging on products and our FSC® certified products have a dedicated section at the front of the catalogue, so you can't miss them!

T&G are now supporting Plastic Oceans UK to raise awareness of the plight of plastic in our oceans. T&G make a donation to Plastic Oceans UK from the sale of products from the 'Ocean' range.

Environmental concerns are central to T&G's business as our product range is still predominantly wood. The policy of the company is to try, where possible, to ensure that all T&G products are manufactured from timbers sourced from well-managed and sustainable forests and plantations.

T&G have been at the very forefront of developing the market for sustainable wooden Houseware products in the UK and overseas and were one of the first members of the World Wildlife Federation 95+ Group. (WWF 95+).

T&G have held FSC® certification since 1999, and the FSC® logo on our products provides you the customer with an independent guarantee that the forest is managed according to agreed social, environmental and economic standards. Today over 50 of our products are certified according to the FSC® principles. We are continually adding to this number and introducing ranges, with many of our products coming from European FSC® sources. Please look for the FSC® logo against certified products. FSC® is T&G's commitment to making a difference!

"In all areas of our business we expect to act responsibly. Timber is a precious resource in terms of both its own life and the diverse flora and fauna it supports. T&G pay particular attention to the products we manufacture and buy, their sustainability and suitability for our increasingly environmentally concerned customers and consumers."

Patrick Gardner
Managing Director

WE'RE SUPPORTING PLASTIC OCEANS UK

YOUR FAVOURITE MILLS

With over 28 years' experience designing and producing mills, it is essential that every one of our mills looks great, functions well and stands the test of time. This is T&G's point of difference.

The T&G mill catalogue contains everything you need for salt, pepper, spice mills, shakers, mill rests and accessories that all lead the way in design, function and quality. T&G can make finding the right salt and pepper mills simple and easy.

Inside you will find the CrushGrind® collection of 'The World's Best Mills' – T&G's CrushGrind® Collection combines creativity and innovation with the highest levels of quality and design which results in a premium range of salt and pepper mills which also make the perfect gift. Consumers continually tell us that the CrushGrind® ceramic mechanism is "superb" and our trade customers say "these mills can be sold with confidence", coupled with a lifetime guarantee, there surely can be no better endorsement of a product than this!

The CrushGrind® Collection is popular with many chefs and restaurants that use them on a daily basis. T&G can make finding the right salt and pepper mills for your casual or upscale restaurant simple, resulting in a practical kitchen/dining accessory that will look good and inspire.

T&G's Classic mills have some new additions in mills and accessories for 2019. A practical and stylish collection, adding colour, details and style to your offer.

Don't forget that ALL T&G mills (CrushGrind® & Classic) have ceramic mechanisms which means no metal grinders to corrode and no plastic salt grinders to wear out and also come with a lifetime mechanism guarantee.

ESTABLISHED IN 1975, T&G'S MISSION IS TO DESIGN, PRODUCE AND RESPONSIBLY SOURCE, EXCEPTIONAL QUALITY KITCHENWARE PRODUCTS THAT WITHSTAND THE DEMANDS OF REAL LIFE.

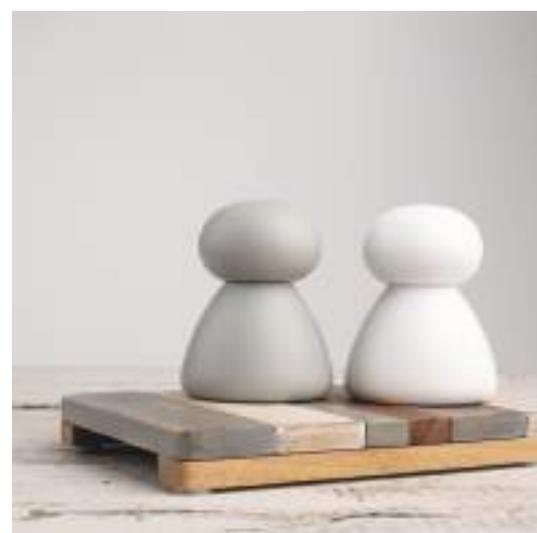

WE HOPE YOU ENJOY THE NEW T&G 2019 MILLS CATALOGUE.

Patrick Gardner.

CRUSHGRIND® MILLS THE WORLD'S BEST MILLS!

"Every house in the world has a mill that doesn't work properly." It was these 12 words that started minds grinding. In 1998 T&G launched CrushGrind® in the UK setting standards in mill and technology design.

CrushGrind® Mills have:

- Lifetime mechanism guarantee
- Non-corrosive ceramic mechanism
- Easy to fill design — no spindle
- Super high and consistent yield

CrushGrind® Mills are:

- Fully adjustable
- More than 12 grinding positions
- Harder and sharper than steel
- Suitable for salt, pepper, whole dried herbs and spices
- Tested to the equivalent of 200 years normal domestic use

The CrushGrind® ceramic mechanism allows you to effortlessly grind not only salt and pepper but also, using the same grinder, whole dried herbs and spices.

T&G's Salt & Pepper Mills lead the market in terms of design, function and quality with many mills to choose from using a variety of materials such as crystal clear acrylic, FSC® certified beech, stainless steel, hevea, black walnut, antique beech and ash. Most have been exclusively designed by T&G, offering a combination of classic and more innovative designs.

All T&G CrushGrind® salt mills are approved for use by the Maldon Crystal Salt Company Ltd. (maldonsalt.co.uk)

LIFETIME MECHANISM GUARANTEE

ALL CRUSHGRIND® AND CLASSIC MILL MECHANISMS CARRY
A LIFETIME MECHANISM GUARANTEE

CARE & USE OF SALT & PEPPER MILLS

Peppercorns like coffee beans taste best when freshly ground!

PEPPER freshly milled is clearly superior if you compare it to the ready ground varieties available from supermarkets. Whole peppercorns contain a natural oil which gives pepper its distinctive flavour and quickly oxidises and loses its pungency once the peppercorns are ground. For maximum eating pleasure the pepper is best ground coarsely so that the final grind is done with the teeth, releasing the pungent flavour direct into the mouth.

SALT is an essential mineral component of a healthy balanced diet. Sea salt provides one of the simplest ways of meeting these dietary needs. As is the case with ready ground pepper, processed table salts are considered the least flavoursome by discerning cooks. This is because they often contain additives and anti-caking agents to provide easy flow.

For these reasons salt and pepper mills are among the most popular kitchen tools!

Never place a mill directly over open saucepans, casseroles or frying pans during the cooking process. The steam will dampen the salt and pepper grounds which can clog up the mechanism. Steam can also have a detrimental effect on the mill body and grinder. If the mechanism does get clogged empty the mill and clean the mechanism with a small brush.

Mill bodies can be kept clean by wiping them over with a damp cloth. Wooden models will benefit from an occasional application of T&G's food safe wood oil or mineral oil, to enhance the appearance and prevent the wood from drying out.

CRUSHGRIND® SALT & PEPPER MILLS

CRUSHGRIND® Mills all have the CrushGrind® ceramic mechanism which achieves a finer grind than conventional metal mechanisms. Furthermore because this type of ceramic is an extremely tough material it guarantees excellent ongoing performance for many years. CRUSHGRIND® mechanism has its own unique grinding system which requires no central spindle and delivers excellent performance grind after grind.

CRUSHGRIND® is excellent for grinding dried herbs and spices which quickly lose both aroma and flavour once they are ground, because the essential oils very quickly evaporate. Buying coarsely ground dried seasonings and milling them when required releases the essential oils, restoring smell and taste to the level of freshly picked ones.

CRUSHGRIND® is easy to use, simple to fill and regulated by a simple rotating wheel at the base or top of the mill to achieve a fine or coarse grind.

Proven performance; test results established the mill in perfect working order after grinding 50 kilos of pepper and 50 kilos of salt through the same grinder — the equivalent of 200 years of normal domestic usage!

The mechanism can easily be removed making it ideal for cleaning and maintenance — dishwasher safe. As the mechanism is ceramic, it is also non-corrosive and non-porous and unlike metal it will not oxidise food.

CLASSIC SALT & PEPPER MILLS

T&G's Classic mills are available in a choice of different materials including crystal clear acrylic, stainless steel, hevea and beech wood, copper finish and coloured wood.

All T&G Classic mills have fully adjustable ceramic mechanisms. There are no metal grinders to corrode and no plastic grinders to wear out, just ceramic.

Add a spot of cooking oil to the top of the metal spindle where it meets the adjusting screw, this will prevent rusting and keep the thread in good working order. It is advisable to repeat this occasionally throughout the working life of the mill.

All Classic mills have a lifetime mechanism guarantee. Please ensure your customer's mill returns are checked to ensure the problem is with the mechanism and then send the mill back to T&G for either repair or replacement. If the mill is a discontinued model then the closest equivalent model will be sent if a replacement is required.

The mark of
responsible forestry

T&G have a number of YouTube video's that are ideal for staff and product training. Please contact the Marketing department for more information.

1. GENERAL

Any contract for the supply of goods or services including any quotation, tender, sale or acknowledgement of order issued by T&G Woodware Limited ('the Company') shall, unless specifically agreed in writing by a Director, be subject to the following terms and conditions ('Conditions').

2. CARRIAGE

Mainland Great Britain

Minimum opening order value: £300

(equivalent to carriage paid)

Minimum order value: £100

Orders from £100 - £300: £20 carriage charge

Orders over £300: Free delivery to any part of mainland Great Britain, with the following exceptions.

Isle of Wight

Minimum order value: £300

Order value £300 - £500: £6 carriage charge

Order value over £500: carriage paid

Channel Islands

Minimum order value: £800

Carriage: 5% of net invoice value

Northern Ireland

Minimum order value: £300

Carriage charges:

Order value £300 - £400: £20

Order value £400 - £600: £12

Order value over £600: carriage paid

All other UK Islands

Minimum order value: £400

Carriage charges:

Order value £400 - £500: £20

Order value £500 - £750: £12

Order value over £750: carriage paid

Republic of Ireland

Minimum order value: €300

Carriage charges:

Order value €300 - €450: €30.00

Order value €450 - €600: €20.00

Order value over €600 carriage paid

Export

Minimum order value: £600 (€750)

Prices Ex works

Payment against Pro-forma Invoice

Delivery 2-4 weeks

Carriage for Trolleys

Kitchen Trolleys to be delivered to any UK Island, including the Channel Islands and the Republic of Ireland, will be subject to a quotation for carriage, applicable at the time of despatch.

Please contact our Sales Department on +44 (0)1275 841 841 for further information.

3. TERMS OF PAYMENT

Payment of the contract price and any other charges shall be made promptly on a net thirty day basis from date of invoice. Interest on any overdue account shall be charged at a rate equivalent to four percent above HSBC plc base rate for the time being in force.

4. CONDITIONS

The Conditions, together with specific conditions and terms set out in the Company's quotation, shall constitute the entire Contract between the Company and the Purchaser of any goods, or receiver of any services from the Company ('the Customer'). These conditions shall supersede:

- a. any previous agreements or arrangements whether written, oral or implied and
- b. any conditions at any time imposed or quoted by the Customer where inconsistent with these conditions and in any particular shall override any conditions that may be printed upon any order, request for quotation or other communication received from the customer or on his behalf. By accepting any tender or quotation for or placing any order for these goods or services the Customer shall be deemed to have accepted these conditions.

5. PRICES AND SPECIFICATIONS

Whilst endeavouring to maintain prices, the Company reserves the right to alter prices and /or specifications without notice and the prices and specifications applying to any order shall be those applicable when the order is dispatched. The Company also reserves the right to add a surcharge and to charge for delivery where necessary. All sizes and capacities quoted are approximate.

6. QUOTATIONS

Quotations only refer to goods and services specified therein and available at the time of quotation. Quotations shall only be binding on the Company if confirmed in writing. Notwithstanding any quotation the Contract Price shall be the price ruling at the date the order is dispatched. In any event quotations shall not be binding upon the Company if not accepted in writing by the Customer within 28 days of receipt of any quotation.

7. DAMAGED AND LOST GOODS

Any damaged or faulty goods must be reported in writing as soon as possible and in any event within 7 days of receipt of any delivery or part delivery. No claims for compensation or replacement of goods will be accepted after the 7 day period. Non-delivery of goods must be reported in writing within 14 days of receipt of invoice.

8. RETURNS

Goods cannot be returned without prior agreement by the Company in writing. A restocking fee may apply. To receive a credit (if agreed) goods must be returned in the same condition in which they were received and in their original wrapping and packaging. Returns will also only be accepted back at the Customer's expense.

9. PART DELIVERY

— UK MAINLAND ONLY

The Company will make every effort to despatch an order complete, but reserves the right to make part shipment/delivery. Mainland Great Britain balances under the value of £75 will either be added to the next order or cancelled at the Company's discretion.

10. LIMITATION OF LIABILITY

- a. the liability of the Company in respect of any defect or damage in goods supplied shall be limited to the replacement or repair of such goods at the Company's expense (provided that the defect or damage shall have been reported promptly as required above).
- b. the Company shall not be liable for any consequential loss (whether direct or indirect) expense or damage of whatever kind arising as a result of any defect or damage in goods supplied.
- c. any date quoted for delivery of orders or consignments shall not constitute a term of contract between the Company and the Customer and any delay shall not constitute a breach of such contract neither shall the Company be liable for any indirect or consequential losses, costs or penalties incurred or suffered by the Customer as the result of any delay.
- d. time shall not be of the essence in respect of any contract between the Company and the Customer unless agreed in writing.

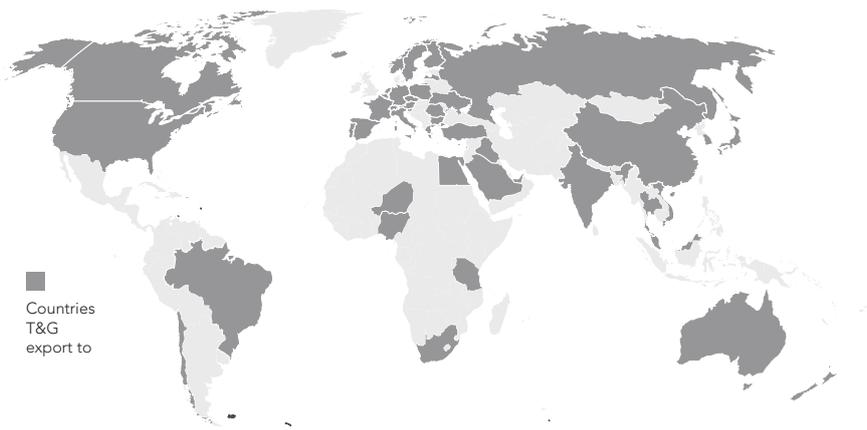

11. TITLE TO GOODS

Until the Company has been paid in full for all goods:

- a. such goods will remain the property of the Company but the risk therein and all liability to third parties shall pass to the Customer.
- b. if the Customer incorporates goods supplied by the Company in other products than those products shall be the property of the Company. If the Company's are mixed with other goods belonging to a third party then the products shall be the property of the Company and the third party in proportion to the cost prices of the different goods.
- c. if the Customer disposes of the goods or products then the Customer shall hold and pursue claims for the proceeds of any sale on trust for the Company.
